A brand with a purpose

Jesse is the first member of the Cheeky Kea family. Growing up, he spent most of his time surfing and as he grew older, traveling became a part of him.

Jesse is all about the experience. He believes an amazing holiday is not only about the place but the people. A great landscape with a story is a killer combination.

He also cares deeply about the environment. He has been lucky enough to travel around and see all the beauty our planet has to offer, but he has also seen the ugly side of tourism. Jesse is conscious of the effect tourism can have on our landscapes, so he does everything he can to minimise the impact on the environment.

As a result, Cheeky Kea was created to achieve 2 things:

- Give tourists what they deserve: The best holiday possible without compromising their wallets or comfort;
- Take care of our beautiful country and keep the environmental impact as low as possible.

We, the Cheeky Kea fam, want to leave a mark in the world and we want to do it differently!

Our guides

Our team consist of professional and fully licensed, fun and passionate tour guides, who have been working in the tourism industry for years. They have a great knowledge of New Zealand, love their job and want to share the beauty and magic of New Zealand.

Our guides have done trips for governments sponsored by the World Bank, travel industry professionals, general public, adventure seekers and holiday makers. All of these groups have raved about the tours and have submitted outstanding feedback.

Sustainability

Cheeky Kea Ltd is proud to be certified Zero Carbon Business Operations with Ekos. We have measured and offset the carbon footprint of our Business Operations for the 12-month period ending October 2024 with certified carbon credits from Ekos.

These certified carbon credits are sourced from projects that grow and protect forests in Aotearoa and internationally. They help to deliver climate resilience, waterways protection, erosion control, biodiversity conservation, and community economic development.

“Went on a two-week epic adventure with Jesse and Cheeky Kea Tours. It was great. Small group of people and they became good friends. We got to see so much of the South Island, but it never felt rushed. We stayed in clean, comfortable accommodation and the bus was spacious and well maintained. If you want a stress free, awesome adventure with a excellent guide and driver I would recommend Cheeky Kea.”
